**DESCRIPTION OF SERVICES**

The Gateway Partial Care program offers intensive treatment services to adults experiencing mental illness. The program focuses on helping individuals to develop the skills and knowledge necessary to manage their illness, achieve their goals and move towards recovery. Program services include assessment, an individually tailored recovery plan to address symptoms, illness management and recovery services, health and wellness programming, psycho-education, groups for individuals with co-occurring mental health and substance abuse disorders, life skills training and pre-vocational activities. Psychiatric assessment and medication management services are also an integral part of programming.
