**DESCRIPTION OF SERVICES**

This program operates at the Warren Hills Regional High School and Warren Hills Regional Middle School and provides an array of services available to all students enrolled in each school. Services include individual, group and family therapy, a drop-in center available to students during their lunch and study hall periods, after-school and some evening recreational programs and outings, substance abuse prevention programming, psycho educational programming, clinical consultations to parents and school staff, and information and referral to community-based providers such as medical and specialized clinical services. Although School Based is located on school grounds the middle and high school sites are open most of the calendar year, operating at slightly reduced hours during the school district's summer vacation.
