DESCRIPTION OF SERVICES

Provide qualified veterans and their family members with advice, referrals, and assistance in applying for available benefits and entitlements from the federal, state, county, and municipal governments, as well as from various non-government, often non-profit organizations. Benefits range from obtaining military discharge documents (the essential proof of military service towards qualifying for veterans' benefits), to obtaining health care services, service-connected disability financial compensation, low-income relief pensions, education costs, job training, property tax relief, service appreciation ceremonies and awards, and other rewards justly earned by the veterans' service to our country in the American Armed Forces.
