DESCRIPTION OF SERVICES

This program provides comprehensive outreach, education and screening services for breast, cervical, colorectal and prostate cancers. The key components to the program are: education, outreach, screening, case management, tracking, follow-up and facilitation into treatment. Individuals targeted for this program are at or below 250% of Federal Poverty level-uninsured. St. Luke's Warren Campus has previously sponsored this program and will support our future efforts. The success of the program is reliant on strong community partnerships with health care providers and local community organizations.
